Tax Due Diligence Report – Project Smile

Target: Kaiser Dental MVZ GmbH, Hamburg. Buyer: Elbe Health Holding GmbH. Report date: 18 April 2024. Closing: 31 May 2024.

Executive summary

The target operates four dental care centres (MVZ) in Hamburg with 64 employees and revenue of EUR 11.2m (2023). We identified no material tax risks.

Area	Risk	Comment
Corporate / trade tax	Low	Profitable, no loss carryforwards
VAT	Low	Dental treatments VAT-exempt (§ 4 No. 14 UStG)
Wage tax	Low	Correctly applied

1. Business and VAT

Revenue consists almost entirely of VAT-exempt dental treatments billed to patients and statutory health insurers. Taxable supplies (e.g. cosmetic whitening) are below 2% of revenue. There are no business customers.

2. Structure

Single German entity, no subsidiaries, no foreign related parties, no research activities. All premises are leased.

3. Open points after closing

- None material
